About the event

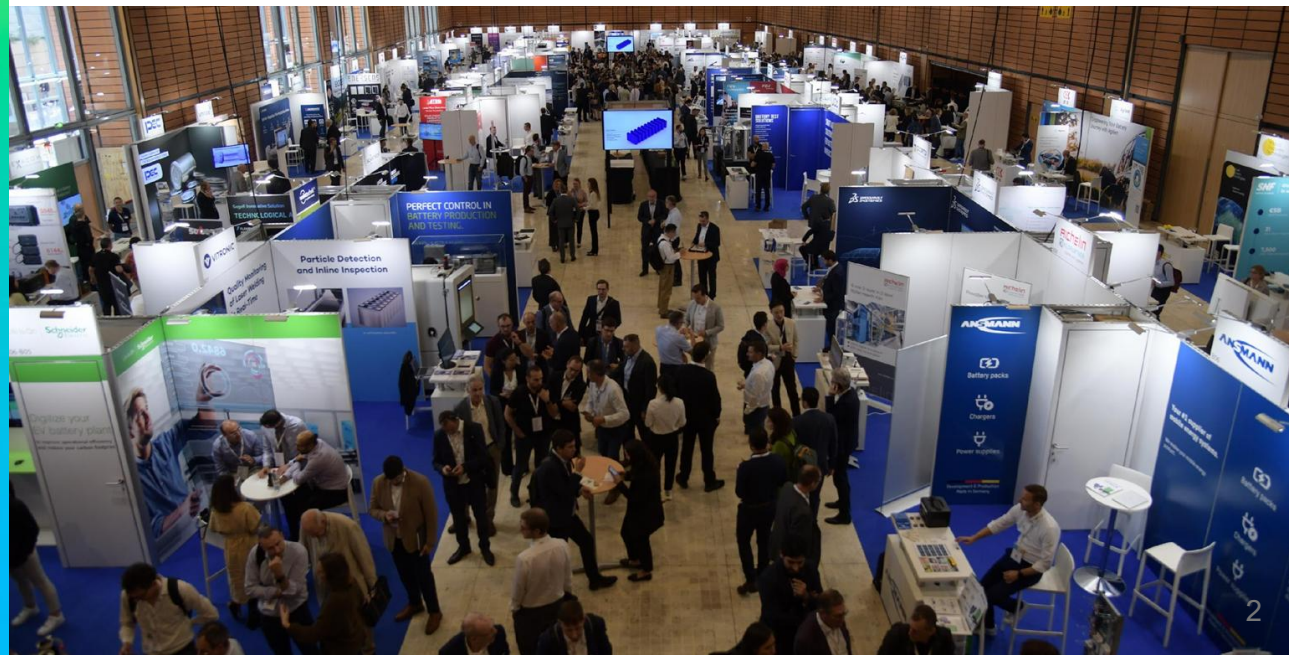

27th edition

Keep our Identity

And create New Experiences

BATTERIES
EVENT 2025
LYON
FRANCE
NOV. 4 > NOV. 6

Keep our Identity & Create New Experiences

We can't wait to welcome you to the 2025 Batteries Event edition that will take place from Tuesday, November 4th to Thursday, November 6th, 2025, at La Cité Internationale congress center - Lyon - France!

As always, our aim is to create the perfect forum where all the battery industry stakeholders will be able to meet and discuss industry trends and best practices - from the battery production to its recycling.

Join us and don't miss the event where all the international players and decision-makers in the battery value chain gather every year!

Christophe PILOT
Avicenne Energy Director

THE BENCHMARK EVENT IN THE BATTERY MARKET

All the technologies - All the applications - All the aspects of the value chain!

Keep our Identity & Create New Experiences

Since 1999, AVICENNE Energy has hosted "Batteries" major international exhibition and conference on power supply.
This year BATTERIES EVENT 2025 will celebrate its 27th Anniversary, join and share with us this date!

Join us and :

LEARN how to bridge the gap between power needs and what the market offers today.

SHARE KNOWLEDGE with all the executives and decision-makers of the industry.

INCREASE your business opportunities.

Through presentations of expertise and figures, dynamic exchanges, one to one networking and plenary sessions, the event will focus on specific batteries issues:

- Batteries research and development: Li-ion batteries but also NiMH, lead acid, Ultra capacitors, Flow battery, fuel cells
- Batteries for EV, HEV, PHEV
- New products and new developments
- Micro batteries, thin film batteries, and applications
- Industrial and consumer applications
- Energy Storage Batteries (Solar, Wind, Smart Grid)
- Marketing and business issues
- Raw materials: anode, cathode, separators, electrolyte, binders...
- Safety and security issues
- 2nd Life battery market
- Recycling
- Industrial Process
- Thermal management systems
- Pack integration
- Battery Management systems
- Battery testing, battery controls
- ...

BATTERIES
EVENT 2025
LYON
NOV. 4 > NOV. 6 FRANCE

Keep our Identity & Create New Experiences

> What's new?

- + 3 days to inspire, learn, understand, inform and share. From Tuesday to Thursday, tutorials, plenary sessions, parallel sessions, workshops, exhibition and social events.
- + Opening plenary session and Exhibition opening evening on Tuesday.
End of the event after the gala dinner on Thursday, for a « grand finale ».
- + The event takes place from Tuesday to Thursday instead of Wednesday to Friday.
